

Nathan Chan

Biochemistry graduate with hands-on protein expression, purification, and analytical characterization experience. Seeking a research position in peptide and protein science.

EDUCATION

University of Washington, Seattle — B.S. Biochemistry

September 2022 - June 2026

GPA 3.8/ 3.7 STEM

Relevant Coursework: Biochemistry I-III, Organic Chemistry/Lab I-III, Immunology, Biochemical Thermodynamics & Kinetics I-II

North Seattle College, Seattle — EMT

June 2024- August 2024

EMT training in pre-hospital medicine, building strong understanding of human physiology, rapid decision-making, and teamwork-based patient care.

RESEARCH & LAB EXPERIENCE

University of Washington — Biochemistry Lab, 4.0

Designed and characterized the W123Y BglB variant via site-directed mutagenesis, Sanger sequencing, bacterial transformation, recombinant protein expression in *E. coli*, affinity chromatography purification, SDS-PAGE, spectrophotometry, and enzymatic kinetics (Km, Vmax, kcat).

University of Washington — Medicinal Chemistry 327 (Science of Drugs), 4.0

Studied mechanisms, PK/PD, and clinical development of major drug classes: enzyme inhibitors, receptor antagonists, lipid-lowering agents, antivirals, and biologics. Topics included CYP450 metabolism, SAR, stereochemistry in drug design, and drug transporters.

WORK EXPERIENCE

SBP, Momentum Sodo — Instruction, Operations

October 2022 - August 2025, August 2025 - PRESENT

Instructed beginner and intermediate climbers in technique and safety; managed facility operations and wall maintenance. Provided front desk customer service; recognized for top performance in membership sales.

Healthcare Alternative Spring Break (HCASB) — Team Lead

January 2026 - March 2026

Led 6 undergraduates on a week-long clinical shadowing program at Forks Community Hospital. Managed logistics, scheduling, and community outreach; facilitated healthcare career presentations to local students.

TECHNICAL SKILLS

Western Blot/ SDS-PAGE

Enzyme Activity Assays

Plasmid Vector/Bacteria Transformation

Sanger Sequencing

Affinity Chromatography

Site-Directed Mutagenesis

Foldit, ChimeraX

IR, NMR, Mass Spec., GC/MS

Javascript/React.js, HTML/CSS

Git/[Github](https://github.com)

Microsoft/Google Suites

AWARDS & CERTIFICATIONS

UW Department of Chemistry and Biochemistry Graduation Speaker, 2026

Four Year Dean's List (2022-2026)

National Registry of Emergency Medical Technicians (NREMT) (Exp 3/31/27)

Prudential Volunteer Service Award (227hrs)

SAT (1590)

LANGUAGES

English, Cantonese
